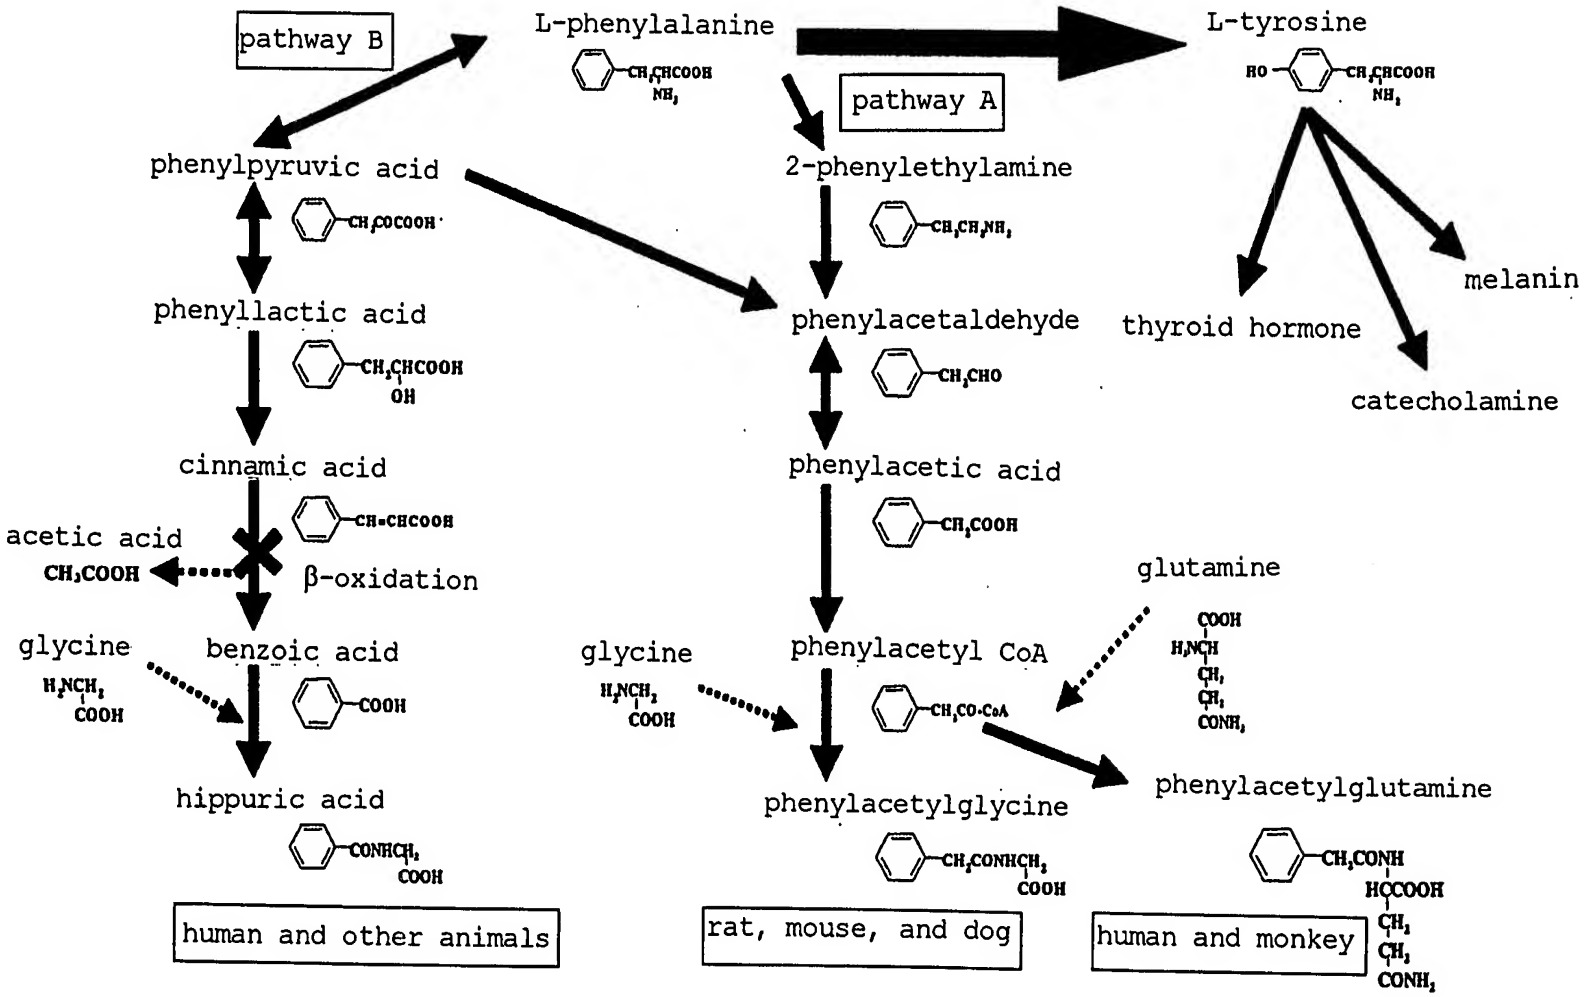
FIG. 1



pathway B
L-phenylalanine
pathway A
L-tyrosine
phenylpyruvic acid
2-phenylethylamine
melanin
thyroid hormone
phenyllactic acid
phenylacetaldehyde
catecholamine
cinnamic acid
phenylacetic acid
acetic acid
β-oxidation
glutamine
glycine
benzoic acid
phenylacetyl CoA
glycine
hippuric acid
phenylacetylglycine
phenylacetylglutamine
human and other animals
rat, mouse, and dog
human and monkey
